

THE MEMPHIS DAILY APPEAL—FRIDAY, FEBRUARY 25, 1859.

Local Matters.

Friday Morning, February 25, 1859.

All persons are reported not to purchase papers from our regular carriers, as we prefer not to have them sent to us, and do not wish to have them as a fraud upon us, and a cheat upon our subscribers.

BATONROUGE.—Shortly after sunset, last evening, a splendid rainbow spanned the eastern sky.

THREE.—For the late papers, etc., the officers of the *Memphis Daily Appeal* will be held at 11 o'clock, next, before the Circuit Court, in the Court House, No. 2020, South Main Street.

The *Overland Mail* came to hand at 11 o'clock, last night, bringing California States to the city. It left Fort Smith, on the 20th, but was detained by high water.

BELLEVUE.—We heard of three or fourights taken place yesterday. We were not surprised; the weather had been enough to make telegraphers trying haltingly right.

BIRMINGHAM'S COURT.—The Rev. Mr. Clegg, of the eighth circuit, has come to town. Four of the culprits added to the chain gang.

LOW COTTAGE.—We heard it said, yesterday, that low cottage was little in demand, that if a certain buyer had bought the Mississippi, and a half of it, by shooting it, he would not save his life by shooting it.

CHRISTY'S MINSTER.—This exhibited yesterday, in the hall of the Minster, for the first time, in our way, and on Tuesday next, will open at Odd Fellow's Hall, and, for a limited number of evenings will offer a rare treat to the public. They are performing of musical merit.

ATTORNEYS AND NOTARY PUBLIC.—Messrs. Wickenden and Becker were yesterday visited by Attorneys, and Hines P. Hill, Esq., who called to see the results of their trial in the State of Georgia.

NATIONALS AND SLAVES.—We this morning published an advertisement of an admirable machine, Gilligan's patent, for making stakes and shingles. The machine is an admirable specimen of ingenuity. It may be seen at Wicks' and Becker's, 200 Main Street, on the 25th, fourth page.

CHANCES.—A change has been made in the disposal of the police force, by which several men are put on different beats to those they have heretofore watched. An occasional change of beat we should consider beneficial.

MAIL FACSIMILE.—The Eastern mail, by the Memphis and Charleston railroad, did not arrive at a very late hour last night, and we believe was not delivered from the Post Office. We are, however, indebted to the kindness of the Albany Express Company for a copy of the *New York Herald*, of the 21st, from which we have gleaned some items of interest to the reader.

CIRCULAR.—We have mentioned several escapees from the custody of Capt. Stebbins, of a named Charles, as he is to "wade" in the river, but, as far as we can learn, yesterday it was discovered that he had cut the chain preparatory to "wading" the chain gang. He appeared dry when the cut was discovered, and spoke cutting of the chain as being his best weapon to "wade" and gain his freedom. His escape was reported to the *Memphis Daily Appeal*.
